29 November 1966

Dear Joe:

Subject: Proposal for Seven (7) Briefing Print Enlargers, No. 1-023-E-001,  
to be Furnished Under Contract [ ] Task Order No. 4.

Enclosures: (1) Statement of Work (M-46-402452-1)  
(2) Cost Estimate Breakdown (M-46-800745-1)

[ ] The subject proposal is submitted herewith at a total estimated  
CPFF price of [ ] fixed fee under the following  
conditions and attached enclosures: [ ]

1. Shipment F.O.B. Customer site within Continental U.S.A.
2. Installation and checkout at Customer site within Continental U.S.A.
3. Crating of commercial type.
4. Final acceptance at Customer site upon completion of installation and checkout.
5. Inspection and testing to be that applied to items of a similar nature manufactured in our plant.
6. The estimated cost and delivery schedules are predicated upon the use of overtime in the areas of shops and engineering support groups during the life of the contract. The involved shops are operating on an overtime basis at the present time because of an overall workload and it is anticipated that this situation will continue throughout the next year. In addition, it is anticipated that overtime will be required by certain engineering groups during critical phases of expediting, calibration, checkout and acceptance testing. Therefore, we are requesting permission to use an estimated 4,500 hours of overtime in fulfillment of the contract. It is noted that the use of overtime under our method of accounting will not result in any increased direct charges to the contract.
